My Dear Mama

Your most welcome and kind letter came safe to hand a few moments ago, and I was very happy to hear from you. and glad to know that you was all well, as I am happy to say this leaves me at present. I have been out a fishing nearly all the afternoon. and I caught thirteen fish, and intend to cook them for my supper. I received the shirt and soap and I thank you kindly for it, But dearest mama, one shirt would have been sufficient. for me but as you have bought two why its all right

P.S.

If you have not yet bought me the other shirt, why never mind it, but if you have got it, you had better send it Emmediately Your Son

I was surprised to hear of the enormous prices of dry goods and groceries, Dear mother

You must excuse me for not a wrighting oftenner to you, but indeed I do not have scarcely time, for we are nearly every day on the move. The impression here is that the rebels will try to make a nother raid, if they do they will find a hearty reception. in the way of cold lead, they will not have the 100 days men to fight with this time if they make a raid. but will have the gallant 6th corps to contend with. The weather still keeps warm. we expect to move to morrow. our destination I believe is Edwards Ferry. Please to give my love to all the family and friends, Tell Mr Dupardus I have not seen Charley for five months. his regiment ~~will~~ must be at Petersburg, Va, Cousin Cornelius Booz might give him some information about him as he is in the same Regiment. I was sorry to hear of Mr Syhler a being dead and also Mrs Robbins child

I have not heard from Brother Thomas for over three months Please tell him to write to me imediately I will close for this time by wishing you a kind good afternoon and

Remain in much love
Your Affectionate son
